TRAINEE SYMPOSIUM

With a stellar line up of speakers, we will present the latest in research and best practice through high quality, succinct “How I manage...” sessions on key clinical topics. Clinical conundrums to be discussed include organ donation conversations, intubating the unstable head, transporting the critically ill, and paediatrics for the general intensivist.

Complementing this is a diverse range of non-clinical sessions of relevance to trainees at all stages. This includes tips for passing (and failing) exams, a panel discussion on finding your non-clinical niche, coping with failures and preparing for a consultant job interview.

REGISTRATION INCLUSIONS

For all registration inclusions, visit the ASM website, registration page.
